PROFESSIONAL SUMMARY

A detail oriented Frontend Developer with 1+ years of experience building responsive web applications using React.js, JavaScript, and Tailwind CSS. Skilled in developing reusable UI components, integrating REST APIs, and delivering clean, scalable code. Effectively collaborates with cross-functional remote teams to deliver high-quality features on schedule.

SKILLS

Front End: HTML5, CSS3, JavaScript, React.js, Tailwind CSS, Bootstrap, Responsive Design

API & Integration: REST API Integration, Axios, API Testing (Postman)

Tools & Deployment: Git, GitHub, Postman, Vite, NPM, Netlify, Hostinger

WORK EXPERIENCE

Jr. Web Developer at Pamsar Technologies

09/2025 - 06/2026 , Pune (Remote)

- Engineered and maintained scalable web applications using React.js and Tailwind CSS, reducing page load time by 5%.
- Built reusable and modular React components to improve code maintainability and development efficiency.
- Integrated REST APIs using Axios for dynamic data fetching, authentication, and data management.
- Collaborated with backend developers to integrate APIs, resolve integration issues, and improve application performance.

Front-End Developer Trainee at X-Innovation Code Stack

12/2024 - 02/2025 , Indore (Remote)

- Assisted in developing and maintaining 3+ responsive, user-friendly websites using HTML, CSS, and JavaScript.
- Gained hands-on experience with front-end frameworks including React.js and Tailwind CSS to deliver adaptive interfaces.
- Optimized page layouts and site content, improving load speed/performance by 10%.

Web Designer Intern at Job Wala Dost

05/2024 - 07/2024 , Bangalore (Remote)

- Designed and built 10+ responsive web pages using HTML5, CSS3, and Bootstrap 5.
- Translated Figma UI/UX designs into interactive, cross-device interfaces.
- Optimized websites for cross-browser compatibility and mobile responsiveness, reducing layout bugs by 20%.

PROJECTS

- [Finances Dashboard](#):** Developed a real-time data visualization dashboard using React.js and Tailwind CSS with role-based access admins manage sales charts, viewers get read-only access.
- [La Dolce Vita](#):** Designed structured UI components and smooth user flows to simulate a real-world online shopping experience, optimized for usability and performance.
